- ① Please input the department and personnel (or title) responsible.
- ② Please confirm the default entry of “Three-year implementation Plan”. If not suitable, you can edit it by selecting “Edit” radio-box.
- ③ Please select suitable measures on “List of measures---”. Please click “Add” when you want to select multiple measures.(You can select any measures. At least one is to be selected.)

The screenshot shows the 'Generate standard SEEMP Part III' interface. A red box labeled ① highlights the 'Review and update log' section, which includes input fields for 'Developed by' (TID) and 'Implemented by' (Minatoya Shinji). Another red box labeled ② highlights the 'Three year implementation and implemented' section, showing a description of the vessel's CII target and a radio button to toggle between 'Standard' (selected) and 'Edit'. A third red box labeled ③ highlights the 'List of measures to be considered and implemented' section, which contains a table with columns for Measure, Impact on CII, Time and method of implementation and responsible, Milestone, Due, Responsible, Impediments and contingency, Impediment, and Contingencies. An 'Add' button is located at the bottom right of this section. Below the measures list is a 'Target rating' section with dropdown menus for the years 2023, 2024, and 2025. At the bottom is a 'Self-evaluation and improvement' section with a radio button to toggle between 'Standard' (selected) and 'Edit'.
